Course Flooding

Considerable work is being done to improve course drainage after heavy rains. Last Friday, October 24th produced over 7 inches in less than 12 hours which caused flooding in many areas. Many resources are being utilized to provide improvements. Should you see our sprinklers operating during wet conditions, please remember that we dispense effluent from the Town and this must continue under any condition.

Golf Chuckles

A pretty terrible golfer was playing a round of golf for which he had hired a caddie. The round proved to be somewhat tortuous for the caddie to watch and he was getting a bit exasperated by the poor play of his employer. At one point the ball lay about 180 yards from the green and as the golfer sized up his situation, he asked his caddie, "Do you think I can get there with a 5 iron?" And the caddie replied,

"Eventually."
