Important Handicap Posting Information

If you plan to participate in handicap tournaments, it is very important to post all of your scores in order to have an accurate handicap. Some of you may not realize that you can post 9 hole scores on the TPC computer.

To post enter your score just as you would an 18 hole round. The computer will ask you if you played the front or back 9 and allow you to choose which set of tees you played. (*Note: The first 9 hole score will not be shown on your listing until you post another 9 hole score)

When a 2nd 9 hole score is posted, the computer will prompt you to choose if it is ok to combine another 9 hole score. By selecting "Yes" the entry will be listed as an 18 hole score with a "C" noting it is a combined round.

Please remember the important role your handicap plays in making pairings for tournaments fun and fair.
